

DD94 ASSESSMENTS

The following is a guide to determine the total assessment your individual parcel(s) will receive after the completion of a drainage ditch project. The following information is needed in order to determine an individual parcels assessment: Total Assessment Units, Individual Parcel Assessment Units and Projected Levy Amount. It is also helpful to know your parcel PIN as the assessment schedule are listed in numerical order by PIN. However, the landowner as of December 4, 2020, is also listed along with the parcel's legal description. The following dollar amounts for each schedule are based upon estimated levies.

Project Levy Summary:

Drainage District No. 94, Main Tile

- \$87,000.00 Levy
- 100,000 Assessment Units

Drainage District No. 94, Lateral 1 Tile

- \$7,600.00 Levy
- 1,000,000 Assessment Units

Drainage District No. 94, Lateral 2 Tile

- \$3,200.00 Levy
- 100,00 Assessment Units

Calculation Example

$$\frac{\text{Parcel Assessment Units}}{\text{Total Assessment Units}} \times \text{Project Levy}(\$) = \text{Parcel Levy}(\$)$$

Example for City of Eagle Grove Roads (PIN 101) (Parcel PIN will be 10-digits)

$$\frac{11,482.74}{100,000.00} \times \$87,000.00 = \$9,989.98$$

$$\frac{46.17}{10,000.00} \times \$7,600.00 = \$35.09$$

$$\frac{412.82}{10,000.00} \times \$3,200.00 = \$132.10$$

$$\text{City of Eagle Grove Roads} = \$9,989.98 + \$35.09 + \$132.10 = \$10,157.17$$

A parcel contained in Lateral 1 or Lateral 2 is also contained in the Main Tile for Drainage District No. 94 facilities. The Drainage District No. 94 Main Tile includes a common outlet assessment from Drainage District No. 15.
